## Why not come and see us..?

Our sister company, RAILWAYANIA, began trading in 1975 and has since become a prominent retailer on the model railway exhibition scene (in fact you may have acquired this very list from them at an exhibition).

RAILWAYANIA operates a shop on our premises that trades solely on the weekends and regardless of exhibition commitments they are open every weekend of the year!

Not only does RAILWAYANIA stock the full range of Replica Railways products, they also stock Bachmann, Heljan, Lima and Hornby models and spares.

So come and view our full range of products at the RAILWAYANIA shop...

### HOW TO FIND THE SHOP

At the roundabout, head straight on and take a right at the following roundabout. Head under the bridge and go straight on at the roundabout.

At the next roundabout (by Esso garage) take a left and the entrance to BSS House car park is the second turning on the right (after ATS tyres). Parking at BSS House is FREE. The shop is located in Unit 46.
